[REDACTED]

Mr. [REDACTED]

The purpose of my review is to ensure that, during the investigation of the case, all procedures were applied in accordance with Western's Student Conduct Code and delivered in a professional manner. This process is not intended to be a re-investigation of the case.

I have reviewed the following documents:

- 1) Equal Opportunity Investigation, Final Report
- 2) Conduct Officer's Decision, to Respondent and Complainant
- 3) Respondent's Letter of Appeal Request
- 4) Respondent's Letter to Appeals Board
- 5) Complainant's Letter to Appeals Board
- 6) Appeals Board Decision Letter
- 7) Dean of Student Review Request

After careful review, I did not find that the processes followed were outside the procedures outlined in Western's Student Conduct Code. I am, therefore, upholding the decision of the Appeals Board and supporting their decision to continue your expulsion.

### **Expulsion from the University**

*You are expelled from Western Washington University and are trespassed from all areas of Western's campus. You are not eligible for readmission to the university. A hold will remain on your student account to prevent future registration. Should you need to come to campus for any reason, you must first contact University Police at (360) 650-3555. Failure to do so may result in a citation by University Police for criminal trespass. While your expulsion is permanent, your trespass from campus will last seven years due to Western's records retention policy.*

This is the final decision in Western's Student Conduct Process.

Sincerely,

Theodore W. Pratt, Jr.  
Dean of Students  
Western Washington University
